Digital

Message from the Editor-in-Chief

Digital (ISSN 2673-6470) is an international, multidisciplinary, peer-reviewed, open access journal that covers topics on computer sciences, such as digital signal processing, artificial intelligence, data science, etc. Digital also covers topics on the digitization of social sciences, such as medical and health sciences, agricultural sciences, humanities, management, economic and education, etc. Our aim is to encourage scientists or researchers to submit papers on digital technologies and digitization initiatives, digital transformation, digital innovations and digital applications in all areas.

Editor-in-Chief
Prof. Dr. Yannis Manolopoulos

Aims

Digital (ISSN 2673-6470) provides an advanced forum for studies related to digital technologies and applications on health, the economy as well as societies and humanities. It publishes reviews, research papers and short communications as well as Special Issues on particular subjects.

Scope

Digital Technologies:

- Artificial intelligence
- Machine learning
- Big data management
- Data analytics
- Cloud and mobile edge computing
- Multimedia processing
- Natural language processing and speech recognition
- Internet of things
- Blockchain technologies
- Neurocomputing
- Robotics
- 5g networks
- Cybersecurity
- Virtual and augmented reality
- Computer graphics and animation
- Human-AI interaction
- Web and mobile app development
- Connected and wearable devices
- Immersive technologies
- Identity and access management
- Digital twins
- Smart cities

Digital Applications:

- Digital agriculture
- Digital archaeology
- Digital art
- Digital economy
- Digital education
- Digital ethics
- Digital government
- Digital health
- Digital humanities
- Digital marketing
- Digital milieu
- Digital preservation
- Digital society

Author Benefits

Open Access
Unlimited and free access for readers

No Copyright Constraints
Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)
If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges
No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication
A first decision is provided to authors approximately 22.7 days after submission; acceptance to publication is undertaken in 3.5 days (median values for papers published in this journal in the second half of 2023)
