Message from the Editor-in-Chief

Games is an international, peer-reviewed, quick-refereeing, open access journal (free for readers), which provides an advanced forum for studies related to strategic interaction, game theory and its applications, and decision making. *Games* is published in open access format – research articles, reviews and other contents are released on the Internet immediately after acceptance. The scientific community and the general public have unlimited and free access to the content as soon as it is published.

Editor-in-Chief

Prof. Dr. Ulrich Berger

Aims

The aim is to provide an interdisciplinary forum for all behavioral sciences and related fields, including economics, psychology, political science, mathematics, computer science, and biology (including animal behavior). *Games* publishes regular research articles, reviews and short notes. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. Therefore, there is no restriction on the maximum length of the papers. For theory papers, full details of proofs must be provided so that results can be checked. For experimental papers, full experimental details must be provided so that the results can be reproduced.

Scope

- Game theory in general and its applications in diverse areas
- Topics in noncooperative game theory
- Behavioral game theory and related fields
- The study of competition and market institutions
- The journal is also open to other special topics related to game theory

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

Discounts on Article Processing Charges (APC)

If you belong to an institute that participates with the MDPI Institutional Open Access Program

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Coverage by Leading Indexing Services

Scopus, ESCI (Web of Science), MathSciNet, zbMATH, RePEc, EconLit, EconBiz, and other databases

Rapid Publication

A first decision is provided to authors approximately 17.1 days after submission; acceptance to publication is undertaken in 3.9 days (median values for papers published in this journal in the second half of 2023)
