Message from the Editor-in-Chief

Smart Cities provides an advanced forum for the dissemination of information on the science and technology of smart cities. It publishes reviews, regular research papers (articles) and communications in all areas of research concerning smart cities. Our aim is to encourage scientists to publish their experimental and theoretical results in as much detail as possible. There is no restriction on the maximum length of the papers so that the full experimental results can be reproduced. Manuscripts regarding research proposals and research ideas are particularly welcome.

Editor-in-Chief

Prof. Dr. Pierluigi Siano

Associate Editors

Prof. Dr. Isam Shahrouf
Dr. Hassan Haes Alhelou

Section Editors-in-Chief

Aims

Smart Cities showcases high-quality work pertaining to the science and technology of smart cities. It aims to publish reviews, regular research papers (articles) and communications in all areas of research concerning smart cities.

Scope

- Information and communication technology (ICT) in the smart city
- Internet of Things (IoT) for smart cities
- Smart sensing
- Smart grids and smart infrastructures
- Smart transportation and mobility
- Smart energy
- Smart buildings
- Smart food and agriculture
- Smart governance
- Smart people
- Smart economy
- Smart healthcare
- Smart living

Author Benefits

Open Access

Unlimited and free access for readers

No Copyright Constraints

Retain copyright of your work and free use of your article

Thorough Peer-Review

No Space Constraints, No Extra Space or Color Charges

No restriction on the maximum length of the papers, number of figures or colors

Rapid Publication

A first decision is provided to authors approximately 20.2 days after submission; acceptance to publication is undertaken in 4.6 days (median values for papers published in this journal in the second half of 2023)
